Project Name:	Opencart Web Application							
Test Designed By: Jagruti Perumalla								
Test Designed date: 02 - 10 -2024								
Test Executed By: Jagruti Perumalla								
Test excited date: 07 - 10 -2024								
Test Scenario Id	**Test Case Id**	**Test Case Type**	**Test Description**	**Pre Requisites**	**Test Steps**	**Test Data**	**Expected Result**	**Actual Result**	**Status**	
TS_001	TC_001	Functional	Verify user can register with valid name, valid email, valid Password and acceptance of privacy policy	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/register 2. Fill the name field with given data 3. Fill the email field with given data 4. Fill the password field with given data 5. Accept the privacy policy 6. Click on continue	First Name: name Last Name:: name2 Email: Jagrutiswami85@gmail.com Password: 1234	User should be successfully register, and a confirmation message should display, indicating successful registration.	User successfully registered, and a confirmation message should display, indicating successful registration.	Pass	
	TC_002	Functional	Verify user receives confirmation email and is redirected to the Home page after successful Registration	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/register 2. Fill the name field with given data 3. Fill the email field with given data 4. Fill the password field with given data 5. Accept the privacy policy 6. Click on continue 7. Click on continue	First Name: name Last Name:: name2 Email: Jagrutiswami85@gmail.com Password: 1234	User should receive a conformation email and redirected to the homepage	User is redirected to the account page and did not get a conformation email	Fail	
TS_002	TC_003	Functional	Verify user cannot register with a valid name, Invalid email, and valid password	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/register 2. Fill the name field with given data 3. Fill the email field with given data 4. Fill the password field with given data 5. Accept the privacy policy 6. Click on continue	First Name: name Last Name:: name2 Email: xyzgmail.com Password: 1234	User should receive an invalid email id toast error message and not able to login	User got an invalid email id toast error message and not able to login	Pass	
	TC_004	Functional	Verify user cannot register with an invalid name length, valid email, and valid password	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/register 2. Fill the name field with given data 3. Fill the email field with given data 4. Fill the password field with given data 5. Accept the privacy policy 6. Click on continue	First Name: Jagadish Rabindra Kumara Moharana Last Name:: name2 Email: Jagrutiswami85@gmail.com Password: 1234	User should receive an error stating, "First name must be between 1 and 32 characters"	User received an error stating, "First name must be between 1 and 32 characters"	Pass	
	TC_005	Functional	Verify user cannot register with valid name, valid email, and Password of invalid length	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/register 2. Fill the name field with given data 3. Fill the email field with given data 4. Fill the password field with given data 5. Accept the privacy policy 6. Click on continue	First Name: Jagadish Rabindra Kumara Moharana Last Name:: name2 Email: Jagrutiswami85@gmail.com Password: 123	User should receive an error stating, "Password must be between 1 and 32 characters"	User received an error stating, "Password must be between 1 and 32 characters"	Pass	
TS_003	TC_006	Functional	Verify user cannot register without accepting privacy policy	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/register 2. Fill the name field with given data 3. Fill the email field with given data 4. Fill the password field with given data 5. Click on continue	First Name: name Last Name:: name2 Email: Jagrutiswami85@gmail.com Password: 1234	User should receive an warning stating, "You must agree to the privacy policy"	User received an warning stating, "You must agree to the privacy policy"	Pass	

TS_004	TC_007	Functional	Verify user can not register without filling all the mandatory fields	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/register 2. Fill the name field with given data 3. Fill the email field with given data 4. Fill the password field with given data 5. Accept the privacy policy 6. Click on continue	First Name: name Email: Jagrutiswami85@gmail.com Password: 1234	User should receive an error stating, "lastname must be between 1 and 32 characters"	User received an error stating, "lastname must be between 1 and 32 characters"	Pass
TS_005	TC_008	Usability	Verify usability of registration process	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/register 2. Fill the name field with given data 3. Fill the email field with given data 4. Fill the password field with given data 5. Accept the privacy policy 6. Click on continue	First Name: name Last Name:: name2 Email: Jagrutiswami85@gmail.com Password: 1234	User should easily register	User is easily registered	Pass
TS_006	TC_009	Performance	Verify registration form loads within 0 to 3 sec	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/register 2. Right click then click on inspect 3. click on perfomance 4. Click on record & reload 5. Inspect how many second it take to reload the page	N/A	Page shold loads within 3 sec	Page loaded within 3 sec	Pass
	TC_010	Performance	Verify registration form submits within 0 to 3 sec	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/register 2. Fill the name field with given data 3. Fill the email field with given data 4. Fill the password field with given data 5. Accept the privacy policy 6. Click on continue 7. Inspect how many sec it takes to redirected	First Name: name Last Name:: name2 Email: Jagrutiswami85@gmail.com Password: 1234	Registration form should submits within 3 sec	Registration form submitted within 3 sec	Pass
TS_007	TC_011	Functional	Verify user can login with valid email, valid Password and redirected to the homepage	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/login 2. Fill the email field with given data 3. Fill the password field with given data 4. Click on login	Email: Jagrutiswami85@gmail.com Password: 1234	User should login successfully and redirected to home page	User logged in successfully but redirected to Acount section	Fail
TS_008	TC_012	Functional	Verify user can not login with invalid email, valid Password	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/login 2. Fill the email field with given data 3. Fill the password field with given data 4. Click on login	Email: jagadishmoharana02com Password: 1234	User should not able to login and get an error "No match for Email / password "	User did not able to login and got an error "No match for Email / password "	Pass
	TC_013	Functional	Verify user can not login with valid email, invalid Password	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/login 2. Fill the email field with given data 3. Fill the password field with given data 4. Click on login	Email: xyz@gmail.com Password: 1ac@	User should not able to login and get an error "No match for Email / password "	User did not able to login and got an error "No match for Email / password "	Pass
TS_009	TC_014	Functional	Verify user can not login without filling email and password field	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/login 2. Click on login	N/A	User should not able to login and get an error "No match for Email / password "	User did not able to login and got an error "No match for Email / password "	Pass
TS_010	TC_015	Usability	Verify usability of login process	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/login 2. Fill the email field with given data 3. Fill the password field with given data 4. Click on login	Email: Jagrutiswami85@gmail.com Password: 1234	User should login easily	User easily logged in	Pass

TS_011	TC_016	Performance	Verify login form loads within 0 to 3 sec	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/login 2. Right click then click on inspect 3. click on perfomance 4. Click on record & reload 5. Inspect how many second it take to reload the page	N/A	Login page should load within 3 sec	Login page loaded within 3 sec	Pass
	TC_017	Performance	Verify login form submits within 0 to 3 sec	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/login 2. Fill the name field with given data 3. Fill the email field with given data 4. Fill the password field with given data 5. Accept the privacy policy 6. Click on continue 7. Inspect how many sec it takes to redirected	Email: jagadishmoharana02@gmail.com Password: 1234	Login form should submit within 3 sec	Login page submitted within 3 sec	Pass
TS_012	TC_018	Functional	Verify user can reset password with valid email	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/forgotten 2. Fill the email field with given data 3 Click on continue	Jagrutiswami85@gmail.com	User should receive an email to change password	User did not receive an email to change password and redirected to login page with a message Password has been changed successfully	Fail
TS_013	TC_019	Functional	Verify user can not reset password with invalid email	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/forgotten 2. Fill the email field with given data 3 Click on continue	Jagrutiswami85@gmail.com	User should not able to change password with an invalid email and should get an error "The E-Mail Address was not found in our records"	User did not able to change password with an invalid email and got an error "The E-Mail Address was not found in our records"	Pass
TS_014	TC_020	Functional	Verify user can not reset password without filling email field	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/forgotten 3 Click on continue	N/A	User should not able to change password with an invalid email and should get an error "The E-Mail Address was not found in our records"	User did not able to change password with an invalid email and got an error "The E-Mail Address was not found in our records"	Pass
TS_015	TC_021	Functional	Verify usability of password reset process	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/forgotten 2. Fill the email field with given data 3 Click on continue	Email: jagadishmoharana02@gmail.com	User should easily change his password		Blocked
TS_016	TC_022	Performance	Verify forgot password page loads within 2 to 4 sec	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/forgotten 2. Right click then click on inspect 3. click on perfomance 4. Click on record & reload 5. Inspect how many second it take to reload the page	N/A	Forgot password page should loads within 3 sec	Forgot password page loaded within 3 sec	Pass
	TC_023	Performance	Verify User Receives Password Reset Email Within 5 Minute	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/forgotten 2. Fill the email field with given data 3 Click on continue	Email: jagadishmoharana02@gmail.com	User should receive forgot password email within 5 min		Blocked
TS_017	TC_024	Functional	Verify Search Returns Relevant Results for Valid Query	Any Operating system with a running Internet connection, Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=common/home 2. . Enter data given in the search field 3. Click on search	Search data: iPhone	Related product should display on the screen	Related product displayed on the screen	Pass
	TC_025	Functional	Verify Search Returns "No Results" for Invalid Query	Any Operating system with a running Internet connection, Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=common/home 2. Enter the data given in the search field 3. Click on search	Search data: a2b	There is no product that matches the search criteria message should display	There is no product that matches the search criteria message displayed	Pass

	TC_026	Functional	Verify Search function has a search suggetion feature	Any Operating system with a running Internet connection, Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=common/home 2. Enter the data given in the search field 3. Click on search	Search data: ipho	As the user types, the search bar should provide suggestions or auto-complete options based on the input	No suggestions are displayed, requiring the user to type the full search query manually	Fail	
TS_018	TC_027	Functional	Verify Advanced Search with Keywords Only	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/index.php?route=product/search&language=en-gb&search=dfsdaf 2. Enter the data given in the search field 3. Click on search	Search data: Apple	Related product should display on the screen	Related product displayed on the screen	Pass	
	TC_028	Functional	Verify Advanced Search with Category Filter	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/index.php?route=product/search&language=en-gb&search=dfsdaf 2. Enter the data given in the search field 3. Select a category 4. Click on search	Search data: Apple	Related product should display on the screen	Related product displayed on the screen	Pass	
	TC_029	Functional	Verify Advanced Search with Subcategory Option	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/index.php?route=product/search&language=en-gb&search=dfsdaf 2. Enter the data given in the search field 3. Select a category 5. check mark sub category box 4. Click on search	Search data: Apple	Related product should display on the screen	Related product displayed on the screen	Pass	
	TC_030	Functional	Verify Search Within Product Descriptions	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/index.php?route=product/search&language=en-gb&search=dfsdaf 2. Enter the data given in the search field 3. Select a category 5. Check mark "Search within product description" box 4. Click on search	Search data: Apple	Related product should display on the screen	Related product displayed on the screen	Pass	
TS_019	TC_031	Functional	Verify Switching Currency to Euro Reflects in Product Prices	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/ 2. Change the currency to Euro	N/A	All the Product price should display in Euro	All the Product price displayed in Euro	Pass	
	TC_032	Functional	Verify Switching Currency to pound sterling Reflects in Product Prices	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/ 2. Change the currency to "pound streling"	N/A	All the Product price should displays in Pound	All product prices are displayed in pounds	Pass	
	TC_033	Functional	Verify Switching Currency to US Dollar ($) Reflects in Product Prices	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/ 2. Change the currency to "pound streling"	N/A	All the Product price should displays in Dolllar($)	All the Product price displayed in Pound($)	Pass	
	TC_034	Functional	Verify by deafault Product Prices display in US Dollar($)	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/ 2. Inspect produ prices are displaying in dollar or not	N/A	By default all the Product prices should displays in Dolllar($)	By default all the Product prices displayed in Dolllar($)	Pass	
TS_020	TC_035	Functional	Verify user can change his name	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/login 2. Fill the email field with given data 3. Fill the password field with given data 4. Click on login 5. Click on "My Account > Edit your account information" 6. Fill the name field with given data 7. Click on continue	Email: Jagrutiswami85@gmail.com Password: 1234 First Name: Jagadish	Name should change	Name chaged	Pass	

		TC_036	Functional	Verify user can change his email using another valid email	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/login 2. Fill the email field with given data 3. Fill the password field with given data 4. Click on login 5. Click on ".Click on "My Account > Edit your account information" 6. Fill the email field with given data 7. Click on continue	Email: Jagrutiswami85@gmail.com Password: 1234 Email: jagadishmaharana31@gmail.com	To confirm email change user should receive an email on the new email id	To confirm email change user did not receive an email on the new email id and Email changed automatically	Fail	
		TC_037	Functional	Verify user receives a confirmation email on new email ID	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/login 2. Fill the email field with given data 3. Fill the password field with given data 4. Click on login 5. Click on ".Click on "My Account > Edit your account information" 6. Fill the email field with given data 7. Click on continue	Email: Jagrutiswami85@gmail.com Password: 1234 Email: jagadishmaharana31@gmail.com	User should receive a email chaged confirmation email	User did not received a email chaged confirmation email	Fail	
		TC_038	Functional	Verify user cannot change email using an invalid email address	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/login 2. Fill the email field with given data 3. Fill the password field with given data 4. Click on login 5. Click on ".Click on "My Account > Edit your account information" 6. Fill the email field with given data 7. Click on continue	Email: Jagrutiswami85@gmail.com Password: 1234 Email: sdf@21.#%^%	User should not able to change email get an error	User did not able to change email and got an invalid error	Pass	
TS_021		TC_039	Functional	Verify user can change password only when it meets the valid length criteria	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/login 2. Fill the email field with given data 3. Fill the password field with given data 4. Click on login 5. Click on ".Click on "My Account > Change your password" 6. Fill the password field with given data 7. Fill the Confirm password field with given data 8. Click on continue	Email: Jagrutiswami85@gmail.com Password: 1234 Password : abcd Confirm password: abcd	User should able to change his password	User is able to change his password	Pass	
		TC_040	Functional	Verify user cannot change password if New Password and Confirm Password do not match	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/login 2. Fill the email field with given data 3. Fill the password field with given data 4. Click on login 5. Click on ".Click on "My Account > Change your password" 6. Fill the password field with given data 7. Fill the Confirm password field with given data 8. Click on continue	Email: Jagrutiswami85@gmail.com Password: 1234 Password : abcd Confirm password: xyzd	User should not able to chage his password and get an error "Password did not matched"	User did not able to chage his password and got an error "Password did not matched"	Pass	

TS_022	TC_041	Functional	Verify user can add a new address by entering valid data into all mandatory fields	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/login 2. Fill the email field with given data 3. Fill the password field with given data 4. Click on login 5. Click on ".Click on "My Account > Modify your address book entries" 6. Click on new address 7. Fill the mandatory field with given data 8. select your country and region from drop down menu 9. Click on continue	Email: Jagrutiswami85@gmail.com Password: 1234 First name: abcd last name: xyz address1: Gobindpur city: cuttack postal code: 754111	User should able to add his address	User is able to add his address	Pass	
	TC_042	Functional	Verify user cannot add a new address without filling in the mandatory fields	Any Operating system with a running Internet connection and Chrome Browser	1. Visit the URL On the browser https://demo.opencart.com/en-gb?route=account/login 2. Fill the email field with given data 3. Fill the password field with given data 4. Click on login 5. Click on ".Click on "My Account > Modify your address book entries" 6. Click on new address 7. Fill the field with given data 8. select your country and region from drop down menu 7.
